Tips to get the most out of your listing

- Enter a full description of your company. The more information you
  provide the better as it will help people find you using the search tool.
- Use as many keywords as possible. The keywords will help you
  appear in the search results. If you sell different types of products, be
  sure to list them all.
- Select the category that best represents your company. Your
  company will be listed under this heading.
- Include your booth number. Make sure customers can find your
  company on the show floor.
- Offer a show special or discount. Use a promo code or offer a
  percentage off to people who mention your listing, this way you can track the results.
- Follow up with email requests. Be sure and reply to any quote requests you receive – try and make appointments with
  customers during the show.
